NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2015 (CONTINUED)**

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

The financial statements have been prepared in accordance with and comply with the financial regulations and the accounting principles of the Rural Action community Based Organization. The accounting policies have been based in part on the general principles of the International Financial Reporting Standards, as detailed in the International Accounting Standards Board Framework for the Preparation and Presentation of Financial Statements.

2.2 Basis of preparation

The financial statements are presented in Uganda Shillings.
The financial statements have been prepared under the historical cost convention.

Preparation of the financial statements requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates and the original estimates and assumptions will be modified as appropriate in the year in which the circumstances change.

2.3 Restricted/unrestricted funds

The financial statements distinguish between Restricted and Unrestricted use funds. Restricted use funds are those funds received from third parties who have imposed restrictions on the purposes for which they may be used. Unrestricted use funds are those funds where there are no externally imposed restrictions and include assets freely available or appropriated to reserves for internally designated purposes.

Currency

The presentation and functional currency of RACOB AO is Uganda Shillings. The books of account are maintained in Uganda Shillings. Assets and liabilities are denominated in Uganda Shillings. Income and expenditure has been presented in Uganda Shillings.

**RURAL ACTION COMMUNITY BASED ORGANIZATION
(RACOB AO)
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2015 (CONTINUED)**

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Revenue and expenditure recognition

Restricted use funds are normally received as a result of a specific solicitation or with donor imposed restrictions and are recognized as income over the duration of the program/project in proportion to the achievement of the conditions attached to the contributions. Income for the year is therefore equal to expenditure. Expenditure in excess of funds received for projects or specific purposes are recorded in assets. Excess of expenditure is written off in the event that management determines that such over expenditure is unlikely to be recovered by additional funding. Contributions received but not yet recognized are included in Current Liabilities.

2.6 Cash and cash equivalents

RACOB AO considers cash on hand and amounts due from banks to be cash and cash equivalents.

2.7 Inventories

Inventories purchased from Restricted use Funds are expensed in the year of purchase. Rights over inventories would not generate future economic benefit to RACOB AO due to the short term nature of program contracts and the terms of contracts where rights over residual program assets are vested with the grantors.

There are no inventories of a material nature purchased from unrestricted use Funds.

2.8 Fixed assets

Not all the fixed assets appearing in the RACOB AO schedule of assets are included in the balance sheet by the end of the financial year. The items included in the balance sheet were donated to RACOB AO by Lutheran World Federation. RACOB AO maintains a register of all assets over 1,000,000 shillings including those that are for restricted use. The treatment for the assets in the names of RACOB AO, is as below:

a) Tangible assets

Fixed assets purchased from Restricted use Funds are expensed in the year of purchase. It is considered improbable that such expenditures will generate future economic benefit to RACOB AO due to the short term nature of program contracts and the terms of contracts where rights over residual program assets are vested with the grantors.

Repairs and maintenance costs are charged in the Income and Expenditure Statement during the financial period in which they are incurred.

b) Intangible assets

RACOB AO has no intangible assets.

c) Donated Assets

Donated assets will be recognised as Deferred income in the period they are received. Depreciation calculated on these assets will be an expense for the period charged against Deferred income in that period to recognise income over the period of the estimated useful life of the asset.

**RURAL ACTION COMMUNITY BASED ORGANIZATION
(RACOB AO)
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 DECEMBER 2015 (CONTINUED)**

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.9 Fixed assets - depreciation

Depreciation will be calculated on the straight-line method to write off assets to their estimated residual values over their estimated useful lives as follows:

Vehicles	5 years
Office Equipment	5 years
Computers	4 years

2.10 Provisions

There were no provisions during the reporting period.

2.13 Reserves

These are funds received for non project activities. There are no externally imposed restrictions and these funds are appropriated to reserves for internally designated purposes.

2.14 Employee benefit costs

a) Staff Endowment Scheme

Staff employed by the RACOB AO receive provident fund. This is computed as 15% of employee gross salary. This has been charged to projects expenditure under Salaries and Benefits. The amount is deposited to a separate bank account, which is controlled by a committee chosen by RACOB AO staff and is made available to staff on resignation or termination of employment.
